

Emergency Response Flooring System

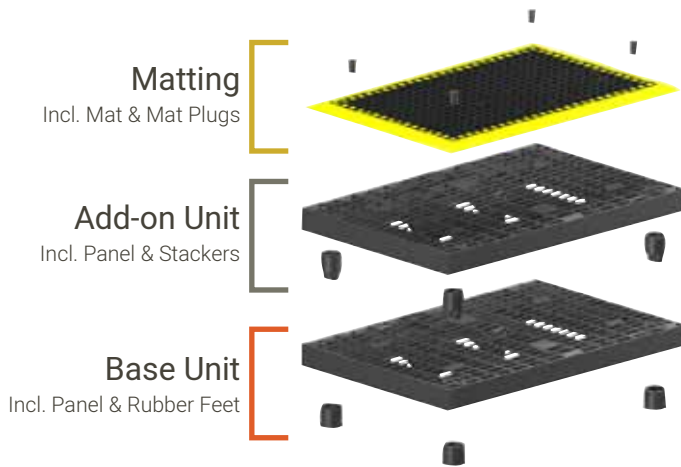

Integrate temporary flooring systems to protect workers from hazardous substances by raising them off dangerous, slippery floors, while also limiting the spread of contaminants from the release area.

PART #	DESCRIPTION	WGT. (LBS)
A3624B	36x24" Base Unit	12
A4824B	48x24" Base Unit	15
A6624B	66x24" Base Unit	21
A9624B	96x24" Base Unit	30
A3636B	36x36" Base Unit	18
A6636B	66x36" Base Unit	31
A9636B	96x36" Base Unit	45
ARING05	1/2" Elevation Ring	.02

*Several Matting Options Available

Add-A-Level®

PolyRiser

Chemical resistant, heavy-duty recycled plastic

-
Flow-through pattern

-
Connect horizontally for large flooring areas

-
Add height levels in increments of 2-5/8" for Add-A-Level Units
