

Emergency Response System

All-Plastic heavy-duty flooring, storage, and workstation systems for temporary shelters or field offices.
Available for immediate shipping.

Flooring

PolyRiser

PolyRiser panels work well as temporary flooring system for pop-up shelters or field offices. Build out horizontally to fit almost any space.

Add-A-Level

Add-A-Level platforms are modular, stackable work platforms that can be easily adapted to any workstation. Build horizontally or vertically and add anti-fatigue matting to provide the perfect ergonomic fit.

Shelving

DuraShelf

DuraShelf Shelving is a tough all-plastic industrial storage solution. Each shelf is 2-5/8" thick and available in grid top or solid top pattern. Shelves are spaced 21-1/2" apart. Available in 2, 3, or 4 shelf units.

Containment Trays

Available in yellow, black, blue, red, and white.

Workstation

WorkBench

WorkBench is a versatile solution for workplace productivity. Assemble two different ways to accommodate either frequently used smaller supplies or to store bulk items. Available in grid top or solid top.

Grid Top

Solid Top

Chemical resistant,
heavy-duty recycled plastic

Flow-through pattern or
solid-top options available

Quick and easy
no-tool assembly

Available in 36, 48, 66, and
96-inch lengths by 16, 24,
and 36-inch widths.

Made in USA | In-Stock & Ready to Ship | No Tool Assembly
